Embracing 2025 with a Fresh Vision for Success!

As we begin 2025, I feel an immense sense of excitement and responsibility to guide Tiptop CA into a year of excellence and achievement.

My focus this year is clear:

- 🏃 Improving pass rates so more students can achieve their dreams.
- 🎓 Enhancing affordability to make high-quality support accessible to all.
- 💪 Mentoring new CTA/IAC/APC candidates and supporting our future CAs(SA) with the care and expertise they deserve.

To our students, especially those struggling, I want to say: I've been in your shoes. As a former UNISA student, I know how tough this journey can be. But I also know the joy of breakthrough moments. Don't lose hope—success might be closer than you think. Together, we can achieve greatness.

For the past two years, I dedicated my time to training in curriculum development, assessment design, and critically studying the CA2025 competency framework. I also had the privilege of running an APC program, gaining invaluable insights.

This year, I'm back and fully committed to leading Tiptop CA's CTA programs and IAC support. Our upgraded services reflect everything I've learned, with a focus on achieving even higher pass rates and helping students secure distinctions. With our guarantee to pass or free repeat/refund policy, I'm confident we'll make 2025 a defining year for you.

I hope that we will make your journey a rewarding one!
"Welcome to the Grind"

Sincerely
Ivyne CA(SA)

WHAT WE OFFER

Tiptop CA offers specialised tutorials for CTA Level 1, CTA Level 2, IAC, and APC students. With a proven track record and a guarantee for exam entry or refund for failed modules, we help students develop technical skills to navigate tests and exams with confidence.

Our flexible classes include 24/7 video tutorials and weekend live sessions. Students receive comprehensive study materials, including SAICA-compliant textbooks and interactive Q&A sessions. With dedicated mentors and revision programs, we support students in becoming exam-ready and building skills for a successful accounting career.

I joined Tiptop in Aug 2019 for the CTA exam revision. Best decision ever!! Ended up not writing the CTA exams due to passing my remark but I used the notes and exam technique learnt from the few revision classes to prepare to my ITC exam. ... [More](#)

TipTopca is by far one of the best support programs for CTA. They assist with everything you need as a student, from the basics of how to flag and highlight your books (IFRS) all the way to study planning and how to manage your stress. TipTopca is truly a gift to CTA students. I would recommend it to everyone!
